“The market is so different today than it was two years ago”

“The market is so different today than it was two years ago,” said Larry Simon, president, Life Settlement Solutions, Inc. “This group of industry leaders has put together an amazing presentation that will give attendees a very clear view of what the industry looks like now and how they can best move forward with life settlements.”

The qualified purchasers-only panel on Thursday, June 24 at 10:30 a.m. PT/1:30 p.m. ET will cover portfolios, securitization, and the impact of life settlement allocation on overall portfolios. Panelists will include Andrew Plevin of Broad River Capital; Dan Passage of O'Melveny and Myers; and Simon.

“The first investor event was met with more attendance than any other panel thus far. We anticipate the second investor event to be even bigger,” said Simon. “Life settlements are a valuable alternative asset class and one that has caught the eyes of investors all over the globe. The attendance at our LSAM investor events further drives that home.”
